Summary

I'm a Creative Front End Web Developer with a background in Psychology and Business Administration. I dedicate my time into learning new functional programming languages and use it to combine my creativity and problem solving skills to develop user friendly applications. When working with others I am known for strong wit and attention to detail no matter the complexity of the project.

Technical Skills

Languages: HTML, CSS, JavaScript, React.js, Express, Node.js,
Applications: Firebase

Projects

BYOB - Be Your Own Bartender | <https://mischegoss.github.io/Group-Router/>

- This project provides a one-stop platform, allowing users to search and browse the many alcoholic recipes. We are here to bring basic mixology to the masses. Tasty classics with ingredients you should be able to acquire easily. We will tell you what you need and how much of it to use.
- My core responsibilities in this project were working on the front end implementing HTML, CSS and JavaScript
- HTML, CSS, Bootstrap, JavaScript, jQuery, Ajax, Cocktail DB, Email.js, Age Verify, Flickr, CSS uses Flexbox, and CSS only animation

Experience

Business Consultant

2017 – 2019

Amway Business Center

New York, NY

My responsibilities included but were not limited to resolving product or customer service problems by clarifying the complaints; determining the cause of the problem; selecting and explaining the best solution to solve the problem; expediting correction or adjustment; and following up to ensure resolution. I also recommended potential products or services to management by collecting customer information and analyzing customer needs. The Staff and I did everything possible to work as a team in order to contribute our best effort by accomplishing related results as needed.

Key Accomplishments:

- *I started off as a Brand Ambassador and I got promoted to be a Business Consultant after 3 months of working for the company.*

Social Media Marketing Intern

2016 – 2017

ICCEA panama

Panama City, Panama

As a Social Media Intern I was responsible for coordinating and executing the company's social media strategy, managing their website, and working across key social media channels including Facebook, and Instagram. This role taught me a total immersion into a busy digital

recruitment business. As an intern I was able to work closely with key members of staff, external social media consultants, and the agency's clients and candidates that taught me social media, digital communications and marketing in a business to business environment. I was able to increase the company's social media presence and gained visibility for the brand among clients and candidates.

Key Accomplishments:

- *I was given the opportunity to attend the 2017 International Congress on Controlled Environment and Agriculture event that was being held in Panama City, Panama. I was also given the chance to be one of the photographers for the event, which I was very appreciative of because I enjoy photography and it is one of my hobbies*

Education

Bootcamp Certificate: Columbia University, New York, NY, Columbia Engineering Full Stack Web Development Coding Boot Camp

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

Bachelor's Degree in Business Administration: Florida State University, Panama City, Panama
